GARDEN
REQUISITES

Our solid steel Scoop door canopy is hot-dip zinc galvanized before painting matt Black or Grey, or can be Aged to achieve a mellow zinc patina that looks like a lead roof. We can reduce the 20" high roof to 12.5" if there is limited height above your door. The roof has a front lip to guide rainwater sideways.

FIXINGS

Canopies come with a complete fixing kit that is tailored to suit your building. We will discuss and agree specific fixing requirements with you when placing your order.

Frame your entrance with wirework trellis panels and hand-finished steel planters. All matched to the same finish as your canopy to bring harmony, greenery, and architectural elegance to your doorway.
